

AMTC2 The 2nd International Symposium on Advanced Microscopy and Theoretical Calculations

■ Call for Poster Papers at AMTC2

Dear colleague,

We are announcing the call for poster papers at the 2nd International Symposium on Advanced Microscopy and Theoretical Calculations. Regular participants are encouraged to present their recent research at the symposium's poster session in order to discuss with other scientists state-of-the-art techniques and research involving advanced microscopy and theoretical calculations.

Extended Abstract

Authors should prepare a two-page abstract which includes significant results with pictures and figures. Please use the prepared Word file ([AMTC2_template.doc](#)) as a template for the extended abstract.

Abstracts should be converted into one PDF file, ready to print.
The accepted articles will be published in AMTC Letters by JFCC.

- **Abstract submission**

Please send your abstract (in PDF format) by e-mail to the secretariat at amtc2@jecs.org

- **Important date**

Abstract submission deadline: **February 28, 2010**

Symposium Topics

The symposium covers all relevant fields relating to advanced microscopy and theoretical calculations

1. Interfaces and Grain Boundaries
2. Electron Holography and Lorentz Microscopy
3. Environmental TEM
4. Modeling and Simulation
5. AMTC2 Special Topic: "Frontiers of Materials Science"

Poster Size

A0 (841 mm (w) × 1189 mm (h))

Requests for further information

e-mail: amtc2@jecs.org

 [Abstract Submission Form
\(AMTC2 template.doc\)](#)

Please send your abstract (in PDF format) by e-mail to
the secretariat at amtc2@jecs.org

We would like to ask you to send us a signed "Copyright Transfer Agreement".
This agreement form is the 3rd page of "Abstract Submission Form" which you can download in this page.

Please kindly sign and fill in the necessary information, and either send us the PDF file attached to an E-mail, or FAX it to the number shown at the bottom part of the form.
